

## **Timberlake Ranch Neighborhood Watch** (posted 7-13-2017)

*"SEE SOMETHING, SAY SOMETHING"*

First, I would like to personally thank Jim Zwerg for all his help in coordinating our Timberlake Neighborhood Watch Program. Our team of volunteers worked well together under his leadership. After the Annual Meeting this year, Jim had to resign because of some personal issues. Nancy Wills has taken his place, so Nancy and I are Co-Coordinator. Most of you know that Nancy is very committed to helping everyone she can and improving Timberlake in any way possible.

We also want to thank Lt. Harry Hall, Cibola Sheriff's Dept. for attending the Annual Meeting. Lt. Hall always has advice to help us help ourselves as well as the Sheriff's Dept. to deter crimes in the area. We had good attendance at our table that was set up at the meeting.

**If you didn't pick up your Timberlake green sticker for your vehicle windshield, please contact us or any of the Board members.** It really helps us identify a landowner's property when a vehicle is left on the side of the road. One such incident occurred during the spring "muddy" season and if the sticker had been on the vehicle, we could have saved time by not calling the report into law enforcement.
